

Submitting Comments

Comments can be submitted during the balloting process, assuming the vote you cast allows for commenting, as well as outside that ballot process. The purpose of this document is to provide guidance on how to submit comments on a document outside of the balloting process.

Finding the Document from within a Committee's Workspace

1. Find the document you'll be submitting comments against by navigating to the committee's Workspace.

Expand upon your subject/summary with the full details of your comment (maximum of 7500 characters).

Optionally, you can send notification of your comments to:

- The entire committee
- The person who originally uploaded the document (Document Submitter)
- The person identified as the document's Technical Contact.

Click the Save button to save your comment.

(IMPORTANT NOTE – After saving your comment, a blank browser screen may appear. This is a known bug, and the system developers are aware. To confirm that your comments were submitted, return to the committee's Workspace and select the **Comments** link. If your comments were properly recorded/received, they will display in the list. If you have any problems or need assistance, please contact your Committee Manager.)
